### SAN QUENTIN WARDEN SAYS ESCAPE AIDED

Belief That Convicts Had Help From Prison Guards is Cause Of New Investigation

SMITH QUOTES THE RECORDS

Tanko and Hall Allowed to Be Cellmates and to Work Together Says Warden

San Quentin's two escaped murderers, who for three weeks have been nothing but "road heads" for pursuing officers and citizens to follow, are at liberty either through extreme negligence or complicity with guards.

This was the statement made yesterday at the prison by Warden Frank J. Smith as the result of charges by Sheriff J. J. Keating of Marin county, that his office had not been notified of the escape or asked to assist in the capture of Tanko and Hall until too late.

"The records show," said Warden Smith, "that not only were these two men contained in the same murder, allowed to be cellmates, but that five days prior to the escape Tanko was able to obtain a transfer for which allowed him to work beside Hall in the laundry and then perfect their plans."

"Before that Tanko had been assigned to telephone duty in the office of Captain Randolph, captain of the yard and deputy warden. Captain Randolph says he knew nothing of the transfer. I believe him, but some one should have seen what was going on, and failure to see it is poor prison management."

"It means either that these men escaped through extreme negligence or that there was complicity between them and some of the guards."

### Chautauqua Board Names Committees At Meeting Held

A meeting of the Richmond Chautauqua association was held at the chamber of commerce rooms last night with a majority of members present. The members reported excellent success in the selling of the Chautauqua tickets, in fact several of them have already sold out their allotment. The association feels that this year the Chautauqua will be bigger and better than ever and that all the seats will be sold out long before the show arrives.

In addition to the committees already working on the event, a speakers committee was appointed last night and is to comprise Rev. Frank A. Woten, chairman, Rev. M. H. Greenlee, Rev. C. R. G. Poole, and Rev. C. G. Lindemann. A committee to take care of the advertising and ticket selling outside of Richmond was also appointed. On it is J. E. George, scout executive of Contra Costa county.

The headquarters of the association are at the Richmond's Melody Shop, and it will remain open every day from 2 to 4 p. m., when Miss Nesbitt, secretary, will be in charge. Tickets and information may be obtained from her there. A request has been issued that all those in charge of tickets turn in a report of their progress to Miss Nesbitt as soon as possible. All money from ticket sales will be deposited in the Mechanics Bank until turned over to the Elison-White company.

The next meeting of the association will be held on Friday evening, May 15, at 7 o'clock at the chamber of commerce rooms. At that time it is expected that a full report from the members of the Chautauqua association will be made.

### Miss Berry, Founder Children's School, Gets 1925 Roosevelt Medal

Miss Martha Berry, founder and director of the Berry School for Children, has been awarded the 1925 Roosevelt Medal for distinguished public service. She was thus honored for the promotion of the welfare of women and children. In 1902, Miss Berry founded on her own farm at Mount Berry, Ga., a school for five children from the mountain districts. The school now cares for 600 boys and girls annually on 2,000 acres of land on which are 50 buildings.

### HOTEL PLANS PROGRESS HERE

The campaign for Richmond's new community hotel was assured of excellent leadership yesterday when general sales manager, Larkin J. Younger, announced that he had succeeded in securing four men who are real leaders to act as managers of the divisions of the organization. The leadership is as follows: Division A, E. B. Bull, manager; Division B, Harley R. Carter, manager; Division C, Fred B. LaMotte, manager; and Division D, Harry Martin, manager.

Each of these men will head a division of thirty men made up of three groups, each in charge of a group manager. The division managers have selected their group managers and are now busy training them for their positions as the organization of 500 will be a grand old organization from start to finish.

As soon as the twelve group managers have been signed they will group and select the men for their group and will start out to sign up their salesmen. The leaders in the organization report a very general spirit of interest in the new hotel and a readiness to serve in the various positions for which they have been selected and there is no question in the minds of the men already enlisted in the program, but that the organization will be completely enlisted long before the date set for the campaign, which will likely be the first week of this month. All preliminary details can be arranged by that time.

Sketches of the proposed hotel are being made showing exterior and also the floor plans and will be published at an early date to give the public an idea of the type of hotel contemplated here as well as an understanding of its proposed appointments.

### GUISTI FUNERAL TODAY

### HIGHER PAY IS ASKED BY KEY ROUTE CARMEN

Reduction From 10 to 8 Hour Day and Advance of Salary To 75 Cents Asked

NEGOTIATIONS UNDERWAY

Wage Increase and Hour Basis Only Two Matters SSB to Be Considered

Negotiations for a shorter work day and increased pay are being undertaken by the Carmen Union No. 192, with the officials of the Key System Transit Company.

Reduction from a 10 to an eight hour working day and a revision upward of the salary scale with a maximum of 75 cents an hour are the objectives of the carmen.

George Durand, president and business agent of the union, said that the relations of the union with the company were entirely satisfactory and there were no present indications of a strike.

The Key company announced that in negotiations extending over several weeks about 30 technical phases of the agreement with the carmen had been revised with the spirit of the contract remaining essentially the same. These changes related to matters of seniority, extra runs, etc.

No agreement has yet been reached regarding the wage increase, or the reduction of the working day.

George H. Harris, general manager, is representing the Key company in the negotiations. In addition to Durand, the carmen are represented by a committee consisting of L. W. Matthews, A. Van Bentok, H. C. Howe, John Glass and J. E. Compton.

A meeting to further discuss the matters still unsettled probably will be held today, according to Durand.

Durand said the carmen of Oakland are the only public utility workers in the city who are not working 10 hours a day, and that 50 per cent are required to work "split" watches which extends over 13 hours.

While the present salary scale is based on a maximum of 55 cents an hour on street cars, Durand said most of the men get less than this amount, the average salary of carmen being less than \$150 a month.

### Boy Scout Troops Promote Leaders

Robert Caldwell, formerly senior patrol leader, was promoted to a new troop as advisor to the scoutmaster, at a meeting of Boy Scout Troop No. 2 held Thursday night. Ray Melin, former patrol leader was advanced to senior patrol leader, and Clifford Christian was elected patrol leader of the Beaver patrol.

At the meeting, the key to the treasure hidden in the hills was given to the Scouts. By means of compass and measurements they will endeavor to locate this cache. The scouts will participate in an exhibition at the Rod and Gun club on May 30.

At a meeting Thursday night, George Moore was taken into Wolf Cub Troop No. 1. Scoutmaster G. P. Glineburg treated the 26 members who succeeded in tying the knots correctly.

Police Judge C. A. Odell yesterday imposed a fine of \$10 on C. Costello on a charge of speeding. J. J. Jordan, also charged with speeding, will be before Judge Odell in a few days.

### Mrs. Chandler To Support Progressive Measures For City

Endorsed by many of the leading organizations of the city and every thing pointing to the fact that she will accept herself as a candidate for the city council, Mrs. Chandler is making one of the most active canvasses that the people of the city have ever witnessed, and the many reports received by her friends are to the effect that she will go over the top on May 11th.

Mrs. Chandler is a resident of Richmond since 1904, has been a property owner and taxpayer in civic affairs. In her public statement at the meeting of the Business and Professional Women's club held this week, Mrs. Chandler stated that she had made no pledges to anyone, was free to act according to her best judgment for the interests of the great majority of the people, and would always act for the welfare of the city, its future growth, and the happiness of its people.

Mrs. Chandler stands for an efficient government, and an economical one, but not economy to the extent that it would impair the usefulness of any department of the city government.

### Wolf Cub Troop Plans Big Hike

Wolf Cub Troop, No. 2, Boy Scouts of America, held their weekly meeting at the Scout building, Eighth and Ohio streets, last night, with Scoutmaster Julius Goritz in charge.

The boys held a contest in stars and were very successful in this stunt. It was planned by the boys to have a week end hike at Diamond Canyon camp, Oakland, commencing in May. Permits from parents of the boys must be obtained for the over night hike and camp. Further arrangements will be made at the next meeting next Friday night.

The boys repeated the Scout oath and laws and were then dismissed.

### THREE DEAD IS RACE FEUD TOLL IN SAN QUENTIN

Mystery Confronts Officials As Slayings Names are Kept Secret by Witnesses

TWO OTHERS ARE WOUNDED

Guards Seize Knives in Plot to Murder all Mexican Prisoners Working at Jute Mill

The limits of American race hatred were yesterday in the blood shed at San Quentin. Two more convicts were stabbed to death and a third was wounded. Scores of prisoners in the jute mill plotted in the discovery of 130 knives and a plot to kill all the Mexican convicts employed there.

The slayings struck in broad daylight, under the eye of other convicts, but the lips of the convicts were sealed by fear or reprisal or sympathy with one side or the other in the racial conflict.

San Quentin officials confirm the amazing situation of two convicts, one a Mexican, locked in cells and yet apparently safer than if they had committed their crimes while at liberty. The officials confirmed that they were permitted to seek the killers from among the race of convicts and to hunt the race of convicts from among the race of convicts.

The race feud began a month ago between Mexican and other prisoners in the jute mill. The convicts met today.

**DEAD**  
MICHAEL GOMEZ, convicted burglar, slain yesterday.  
FRANK WILLIAMS, lifer, slain yesterday.  
LAWRENCE MAHACH, Indian robber, slain Thursday.

**INJURED**  
Marion Robe, Indian pal of Mahach, severely injured yesterday.  
ANDREAS GOMEZ, slayer of Mahach, shot as a guard Thursday.

No one is to be taken into the jute mill, summered before the official parade, a jury charge, or a court in the presence of San Quentin work in the mill.

The prison authorities, however, are continuing their investigation and assert that the guilty will eventually be brought to book. Prisoners who might talk under different circumstances freely admit that they dare not reveal what they know in the certainty that their own lives would be sealed.

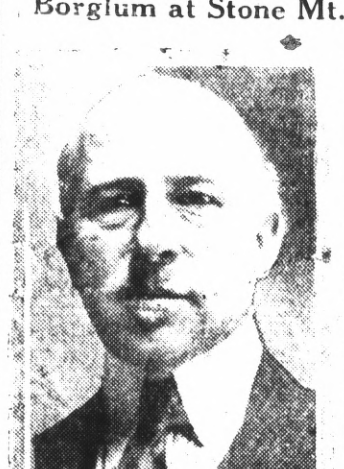

**KNIVES CONFISCATED.**

A general uprising and plot to murder all the Mexicans in the jute mill was believed to have been frustrated when the guards took thirty ugly knives from as many prisoners on Thursday night following the murder of Mahach and two more. Knives were seized at lockdown time last night. Some of these knives had been smuggled into the prison, others were crude affairs manufactured within the prison.

### Funeral Monday For August Gatto

He leaves a wife, Consuela Gatto, and the following children: Mrs. Rosie Pinner, Alice, Mrs. Josephine Pinner, El Cerrito; Tony Gatto, the late Peter Gatto, who lost his life while fighting in the world war.

### Augustus Lukeman N. Y. Sculptor, Succeed Borglum at Stone Mt.

Lukeman, well known New York sculptor, has been selected to take the work on the Stone Mountain Confederate Memorial, near Atlanta, Ga., where Gutzon Borglum left off. After a disagreement with officials in charge of the work on the memorial, Lukeman destroyed his models and announced that he would abandon the design for the monument in favor of a design of his own. This photograph of Lukeman was made in New York studio.

### SOVIET AIDES LOSE LIVES IN TRAIN WRECK

Conspiracy Blamed For Derailment of Train in Charge of Polish Officials

PASSENGERS WERE RUSSIANS

Express Train Leaves Track At Curve, Cars Tepee Down Slope With Victims

(By Universal Service)

STARGARD (Pressia), May 1. Twenty-five persons were killed in a train wreck here today in what authorities believe was a conspiracy against the passengers, made up principally of the Soviet economic mission.

As these passengers were Russian authorities viewed the plot as of a political nature.

Stargard is located in the "Polish Corridor," a strip of land lying between the Baltic State and other nations, subject to the sea. The train was in charge of Polish officials.

The train was known as the "Kochanowski" and was used principally for conveying diplomatic missions and from Russia. It had been running on the old border between Poland and Russia.

A number of cars tepee down a long banking, killing many persons. A building is used by the Polish railway management, and the work as a terminal point.

### Builders Exchange Plan Anniversary Banquet on May 15

The fourth anniversary banquet of the Richmond Builders' exchange on May 15 consumed most of the time for discussion of the meeting of the builders at the exchange and last night President R. M. Sanford presided.

Reports of the various committees on the affair made last night indicated that the arrangements are progressing very nicely. The entertainment committee, composed of W. S. Stanley, H. J. Capron, H. E. Betinger, and V. C. Trivedi, reported that they are working on a program of finishing touches on a program of the time character ever presented by the exchange.

E. H. Higgins and James Waller, the dinner committee, stated that R. H. Spersich has generously donated his services to act as head chief to take care of the banqueting of the meat. The dinner is to be a full course affair with the most attractive of high-end meat, which Spersich is famous for cooking to a turn. He will be ably assisted by Wallace Suchkrover. The dinner proper will be cooked and served by the ladies of the Beacon, Chapter of the Eastern Star, who did so well in the same capacity last year.

Sanford appointed a reception and a decorating committee last night. The reception committee is to be composed of R. J. Fitzpatrick, E. H. Bull, George P. Ingram, and Frank A. Irving, which the decorating end of the affair will be well taken care of by John H. Fitzpatrick, C. V. Mero and C. E. Marshall.

The board of directors of exchange is the general committee in charge of this whole affair, which has every indication of being the biggest and finest ever staged by the Builders' exchange. The only difficulty that presents itself at present is the proposition of taking care of the crowd that will attend. The affair is open to members and their invited guests, and L. C. Dexter, secretary, stated that anyone who intends to bring one or more

# Daily Cross Word Puzzle

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterruptedly.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white space remain uninterruptedly.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Richmond case is one of many:

Mrs. Preston Rosier, 554 Twenty-first street, says: "I had dizzy headaches, backaches and pains across my kidneys. I felt miserable and had no energy and my kidneys acted irregularly. Doan's Pills have always relieved me of such attacks, strengthening my back and regulating my kidneys. I can't say too much for Doan's for I know they are just as represented."

Mrs. Rosier is only one of many Richmond people who have gratefully endorsed Doan's Pills. If your back aches if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mrs. Rosier had the remedy backed by home testimony. 60 cents at all dealers. guests must have their reservations in very early in order not to be disappointed, as there is only a limited number of reservations open. At the meeting last night, E. B. Bull of the real estate association and the chamber of commerce, gave a talk on the Community hotel and urged all members of the exchange to get behind it. He briefly outlined the situation from start to finish, and stated that there was no reason whatever why the city of Richmond could not support the hotel.

It was decided to forego the regular meeting next Friday night as all the members are going to attend the dinner being given by the chamber of commerce. The exchange as a whole is going to get behind the dinner and help in every way to make it successful. A great majority of the members have agreed to attend the affair.

Several new applications for membership were received, balloted upon, and accepted at the session last night.

The success of the free employment bureau conducted by the exchange is shown by the fact that 177 men were placed on jobs during April. Of these 31 were carpenters; 5 plasterers; 6 masons; 4 electricians; 12 painters; 8 hod-carriers; 4 fathers; 93 skilled and unskilled laborers; and 14 miscellaneous.

Gray, a lad of great promise from the Junior High school, partially fulfilled that promise last night as far as stuck work was concerned. Carson was also heavy on the bat, smacking out three doubles out of four tries. Austin and Schneider also deserve honorable mention for slapping the offerings of Messrs. Gadsberry and Murray for a half dozen safe hits out of a half dozen journeys before said pitchers. They made three apiece.

## Boxing Bouts To Be Staged During All Summer Months

By AL SANTORO  
Special Correspondent Universal Service

OAKLAND, CAL., May 1. With the Mickey Walker-Larry Cooper championship fight, the Jack Penault-Godfrey ten round go, and a probable return match between Oakland Jimmy Duffy and Frankie Schoell, California is entrenched for fighting that may be carried along the line all summer.

The Walker-Cooper fight, ten rounds is being staged by the Observatory Club of San Francisco which is run by the "Four Horsemen of Steiner Street."

The Mission Pavilion Athletic Club has clinched the Penault-Godfrey heavyweight go.

The Duffy-Schoell fight is still in the "if" stage. If it is staged Tommy Simpson, Oakland promoter, will put it on.

All of these battles are outdoor spots, which may or may not be heard around the world.

The Walker-Cooper fight will be held at Ewing Field, a baseball park built by Cal. Ewing and Abandoned because the fog had a habit of blanketing the ball game from the spectators. The date is June 16.

The Penault-Godfrey part will be thrown in Recreation Park, San Francisco.

The Duffy-Schoell return match, if any, will be held in the Oakland ball park, July 4.

The welterweight Champion throws no fear into the heart of "Lefty" Cooper. The San Francisco welter considers it a privilege to throw gloves with Walker, he says for publication.

An interesting angle to the Penault-Godfrey bout is revealed in a record book. Renault knocked Godfrey out in eleven rounds in 1921.

Since then Godfrey has done a cone and become better, and better, it is declared, while Renault, once reported a formidable foe for Dempsey, hasn't done quite so good.

And read this and weep:

They're whispering along the fight-rail that Frankie Schoell's right hand wasn't in good working order for his recent fight with Jimmy Duffy. Still the ex-coast welter wants another crack at Schoell.

In readiness and all data prepared Deeming has announced that anyone who wishes to participate in any of the events of the day must be signed up either at the Y. M. C. A. or with the leaders of their churches on or before May 9.

The last meeting in which the signatures may be on the dotted line is 5:50 p. m. Saturday, May 9. A good number of aspirants to the cinder paths have already attired their names to the sheet, and it is expected that a field full of athletes will be on hand on the day of the affair.

Makes Pumping Up Tires Unnecessary

CHICAGO, Ill.—F. C. Hughes of 4603G Hughes Bldg., 2512 Monroe, this city has perfected a new air tight valve cap that enables auto owners to pump up their tires once and never touch them again until punctured or worn out. Leading tire manufacturers, after thorough tests, have approved Mr. Hughes' invention and banished the old theory that air escapes thru rubber. One inflation lasts the life of a tire and tire mileage is doubled. Mr. Hughes wants agents and will send proof and a sample set of five at his own risk. Write him today.

## Keys Lose To Firemen With Score 11 To 10

Sweeping from under a four run lead the Richmond Fire department slipped out on the Richmond Keys at the First street park yesterday morning, with the final score standing 11 to 10.

Things looked pretty black for the fire eaters for a while and several of the team were tearing around in a manner similar to a well known fowl recently and completely decapitated, but with the advent of the famous Mr. Combs, late, very late, of the Cardinals, things began to happen that were sufficient to cause deep controversy between Manager Tex Brown and his tossers, but their strategy was far from deep enough. The "Whip" is being transferred to a site parallel to the recreation pier.

Band music, outdoor shows, dancing and water sports are on the weekend program at the beach. As the season advances, the park management is increasing entertainment features.

"Photo-Entertainment" Day will be celebrated at Neptune Beach, Alameda, Sunday, May 10. The photo-entertainment from central California cities will hold a combined convention and picnic at the beach. An extensive program of entertainment is being worked out for the day, according to the committee in charge.

Saturday, May 24, the United States Air Service Reserves of Crissy field will stage an "air attack" on Neptune Beach. The planes will appear in battle formations and stage evolutions, including aerial combat and bombing. Lieut. Franklin Rose, noted daredevil of the air, will see the aerial vaudeville, which he is famous.

"Neptune-by-the-Sea," the village of vacation cottages at the beach is nearing completion. The cottages are in the hands of interior decorators, including scenic and modern, and are being furnished down to such items as linen and kitchen equipment. Each of the bright-hued little dwellings contain a living room, bed room, kitchen and lavatory. They will be rented for week-ends by the week and by the month. The bungalow have an unobstructed view of the beach and the bay. Showers are provided for bathers who dress in their own homes. A garage goes with each cottage.

"Stella," the painting which attracted so much attention during the Panama-Pacific Exposition, the creation of Vincenzo La Rosa, who died alone and penniless this week at the San Francisco hospital, is on exhibition at Neptune Beach.

Sixth Combs relieved Laws in the seventh.

## New Swan Flier Opens Tomorrow At Neptune Beach

Tomorrow the "Swan Flier," a new ride just received at Neptune Beach, Alameda from Berlin, Germany, will make its initial bow to the pleasure loving public. The "Flier" was announced the newest resort feature abroad, where it is said to be producing a sensation at several famous watering places.

The new ride is made up of several immense swans that swing through the air in lifelike fashion. Each of the swans carries passengers. The "Flier" replaces the "Whip" opposite the main Neptune gate. The "Whip" is being transferred to a site parallel to the recreation pier.

Band music, outdoor shows, dancing and water sports are on the weekend program at the beach. As the season advances, the park management is increasing entertainment features.

Richmond Elks To Shoot at Martinez

With the shoot scheduled for next Sunday at the grounds on Pacheco road of the Martinez Gun Club, not limited to members of either that club or the Richmond Elks gun team which is to hold its annual shoot, it is expected that one of the largest gatherings at a county meet will be on hand to participate in the shooting.

The first event will be 75 birds, divided into 4 classes, the first receiving \$25 and the second and third \$15 and \$10 respectively. The second event will be a quail shoot, which is something new for this club.

Shooting begins at 9:30 in the morning and will continue until all these who desire to participate have had a chance at the guns.

## Standard Oil Co. Twilight League Opens Wednesday

When the Standard Oil Twilight League race opens next Wednesday night at the First street park, the Barrel House, champions of the 1924 league, will cross bats with the All Standards. In view of the fact that he has nearly all of his old men with him again this year, Red Allen, pilot of the Barrelers, is confident of walking away with the hunting again this season.

A new player who gives great promise is Hutton, who will be seen for the first time in the Barrel House lineup in the opening game. He will play left field. Another new figure in this club is Hecker, who is considered a great ball player behind the bat, when he will alternate with Vanni, last year's backstop, who will occupy the initial sack most of the time.

The Barrel House has with them again this year, "Lefty" Cothran, reputed to be one of the best hurlers in the league. Cothran has caused many an embryo Ruth to whiff the air by his speed and curves. Jess Centers and Big Steingraber will be always on hand to take the mound at a moment's notice.

There is every appearance of strength in the Barrel House on the defense also. The difficult will again be under the charge of Peters, one of the most consistent tossers in the league. His neighbor short will be aided in great part by Art Schimpf, who has stopped grounders and pop flies in short garden for many years, thus acquiring considerable valuable experience.

Centers will be stationed as usual at second, while either Vanni or O'Brien will always be able to handle everything in the vicinity of first.

There is also good protection in the outfield. Fitzgerald will cut the grass in right, H. Nelson will romp

in center and Hutton will occupy left. All three of these men are also capable of causing contact between willow and horseshoe. Nelson will be field captain this season.

## Artist From Illinois Hard at Work in Paris to Prove That Jazz May be Seen as Well as Heard

Carl Erickson, known in Paris as the "Jazz Artist of Illinois," declares he will prove to the French capital that jazz has an appeal for the eye as well as the ear. He is busy with a rather extreme work, which in partly completed form has attracted much attention.

## CLARK KRATZER INSTALLED AS ROTARY LEADER

At the Richmond Rotary club luncheon yesterday, Clark Kratzer, well known automobile dealer of this city, was installed as president of the club with very appropriate ceremonies to succeed Aubrey Wilson. Those who had part in the program yesterday voiced many compliments in favor of Kratzer for his excep-

tional record of service for the club in various offices.

Fred La Moine, past president, presented the retiring president, Aubrey Wilson, with a handsome watch clock in behalf of the club, of having so successfully headed the club for the past year. Wilson responded fittingly, thanking the club for the gift and expressing appreciation for the co-operation shown during the year.

The chairman of the day was another past president, Dr. C. L. Abbott, who called upon Dick Spiers, sergeant-at-arms, to lead Kratzer to the chair. He then expressed the welcome to the new president, which would be expressed by Dr. Thomas A. Boyer.

A talk on the enlarged privileges and responsibilities of Rotary leadership was given by Tom Bridges of Oakland, district governor-elect of Rotary, who was speaker of the day. President Kratzer was given the coveted following Bridges address, and he appointed Al Hill to succeed Dick Spiers as sergeant-at-arms.

Musical numbers on the program included a trombone solo by Ed Hill and vocal selections by Miss Marguerite Knoble. Mrs. Kratzer, Mrs. Wilson and Mrs. Boyer were guests of the club. At the suggestion of P. W. Sanford, a rising vote of support was extended to the new officers.

Secretary Helms of the club announced that next Friday would be Mothers' Day for the club, and that arrangements were to be made for members to bring their wives, mothers or mother-in-laws.

That this camp is of exceptional value to the young man is shown by the fact of the growth in relation to the value and happiness of the whole camp, bringing all young men together into a group. Experience of life is offered by this summer camp which will make the youth of the nation leaders in thought and action.

The show is being put on by the Lions club on the benefit of the Boy Scouts, and judging from the advance sale of tickets, which are going fast at 10 cents each, the Lions will raise a good sum to go toward furnishing the Scout home in Ohio street.

## In Alameda 4640 Feet of new water mains

NEARLY a mile of new 6-inch water mains are being installed in Alameda's east end—a task which necessitates the digging of approximately 30,000 cubic feet of earth and the laying of almost 400 lengths of heavy cast iron pipe.

This installation will give Alameda a total of over four miles of 6-inch and 8-inch mains. Added to the two miles of new 2-inch mains recently laid, this increase provides a distributing system that will be adequate to meet Alameda's growing needs for years to come.

This is but one of the projects in the East Bay Water Company's long-term program for 1925, a program which will necessitate the expenditure of \$4,000,000 for increased water supply and distribution facilities.

In making this additional provision for the future, the East Bay Water Company is but following an old policy of keeping ahead of the needs of the East Bay cities—a policy which has already resulted in the laying of many miles of new mains, as well as the replacement of much old equipment and piping.

This policy will be definitely continued, as long as the reasonable possibility for an adequate water supply rests with this company.
